Beach Chairs & Umbrellas

We offer the finest beach chairs and umbrellas along the Emerald Coast! Our premium beach chairs, umbrellas, and beach set rentals are available at your desired location and provide the perfect way to relax along the shore.

In our industry, the term Beach Service typically refers to chair and umbrella rentals placed along the shore. Although it's a common term, the quality of each beach service does vary. La Dolce Vita offers the finest beach equipment, maintains its equipment, and employs professional and polite staff. In addition to having many beach service locations in Destin, Miramar Beach, and South Walton, we also deliver chairs and umbrella rentals to select locations.

LDV Chair Manufacturing and Refurbishment

Our premium hardwood is hand-selected and milled to exacting standards at our workshop in Northwest Florida. Our engineered stainless steel reclining hardware will never bend. We canvas with dye cast acrylic Sunbrella® fabric that will never fade. Our tables and chairs are triple dipped in the highest grade spar varnish available. This results in American-made beach sets that are more attractive, durable, and comfortable.

Premium Shade

Not all umbrellas are created equal. Our standard umbrella rentals are ideal for blocking most of the sun for a couple of people.

Our giant umbrella rentals provide even greater shade and offer coverage for you and several guests. Measuring in at 14ft in diameter, these big boys will keep you cool even on the hottest days! With five chairs, this roomy set-up provides shade for the whole family!

Kayaks & Paddle Boards

Renting an LDV premium kayak or paddle board makes exploring our beautiful emerald waters an unforgettable adventure!

Get magical views of turtles, dolphin, and other sealife. Our kayak and paddle board rentals give you a unique perspective of our coastal paradise. Guests will love experiencing the gulf waters in a whole new way.

Beach Bonfires

Every beach vacation should include a bonfire. With the stars twinkling and the waves crashing, magical memories will be made even sweeter. The peaceful tranquility and beauty of the beach at night is not to be missed.

LDV's professional beach bonfire services provide everything so all you do is show up! We handle the permit, the setup, and breakdown and include an attendant and chairs.

When you simply provide us with your vacation address, we will contact you with the closest available beach access for your bonfire setup.
